EDITORIAL:

The Dept. Of Mechanical Engineering is actively working for the fulfillment of the MISSION & the VISION of the college and we have also succeeded to a certain extent.

This issue of the newsletter has fascinating details about the events, achievements, results & future planning of Mechanical Engineering Department.

FROM HOD'S DESK

Mechanical engineering is a creative discipline, drawing on basic sciences to design devices, machines, processes and systems that involve mechanical work and its conversion from, and into, different forms of energy, including advanced automotive propulsion systems. The department allows ready access to research programs during the early years of education, permitting rich opportunities to combine theory and practice in order to produce a well balanced and highly recruited engineering graduate.

Our respected, full-time faculty members teach the majority of the classes taken by our undergraduates, providing the proper balance of sound basic knowledge and cutting edge technological insight necessary to produce strong technological leaders.

Prof S.N Teli

PROGRAMS ORGANISED

TECHNICAL

1). A seminar on “Guidelines for higher education in the overseas” was organized by the Mechanical Engineering Department on March 16, 2011 for the third and final year students.

The seminar was conducted by Mr. Sameer Sethia, Manager “GEEBEE EDUCATION PVT LTD”. The seminar coordinator was Mrs. V.S. Kumbhar.

2). A seminar on “ Guidelines for higher education in the overseas” was organized by the Mechanical Engineering Department On April 6, 2011 for final year students. The seminar was conducted by Ms.Niyati Mehta, Manager “ EDWISE CONSULTANTS PVT LTD”.The seminar co-ordinator was Mr.G.N.Thokal.

3). We have established “Rotract club of Saraswati “ in our college dated Nov 10, 2010 to be in sync with our social responsibilities. The event was co-ordinated by Mr.S N Teli, Head of Mechanical Dept and Harkirat Dodhi (T.E) was the student co-ordinator.
