About SCOE

Saraswati College of Engineering (SCOE) is a NAAC Accredited leading engineering institution in Navi Mumbai which is approved by AICTE, affiliated to University of Mumbai and recognized by Govt. of Maharashtra. The college was established in the year 2004 by Hon.Pritviraj Deshmukh and Mrs.Vrushali Deshmukh.

Objective of the Conference

The Government of India has embarked on an ambitious target of 'Make in India' and 'Atmanirbhar Bharat' to make India a bigger and more important part of the global economy. In order to make the 'Make in India' initiative successful, it is necessary that our core engineering sectors are strong. This conference will provide a common platform to engineers, researchers, Government officials and industry professionals to share their knowledge and research outcomes. The deliverables of the conference will be useful for decision makers to have better understanding on the research areas which need to be focused in order to make manufacturing and construction up to the global standards. New ideas, recommendations raised in the conference would support in opening new avenues in the areas of green technology initiatives, pollution prevention technologies, sustainable construction & manufacturing, innovative business processes and recent trends in Civil, Mechanical and Automobile Engineering.

Registration Fees

CATEGORY	INDIAN DELEGATES	FOREIGN DELEGATES
Students/ Research Scholars	Rs. 1000/-	\$ 14
Academician	Rs. 1200/-	\$ 17
Delegates from Industry	Rs. 2000/-	\$ 28

Important Dates

Submission of Full Paper	March 26 th , 2021
Notification of Acceptance	April 7 th , 2021
Last Date of Registration	April 14 th , 2021

Submission should be made via Easy Chair

Dr. Ritesh Bhatkar, Professor, SPCE, Mumbai, Maharashtra
Dr. Manish S. Deshpande, AISSMS College of Engineering, Pune, Maharashtra

We welcome submissions in the following areas:

Track 1 – Green Technology Initiatives

- Pollution prevention technology
- Renewable energy and resources
- Sustainable Environment Management
- Waste To Energy (WTE) Technology
- Emerging Green Energy Technologies

Track 2 – Sustainable Construction and Manufacturing

- Sustainable construction practices
- Sustainable construction materials
- Composite and Smart Materials
- Energy Engineering and Management
- Advanced and Smart Manufacturing
- Sustainable and Clean manufacturing process
- Sustainable Building technologies

Track 3 – NextGen Technologies

- Eco Friendly Vehicles
- AR in Automotive Industry
- Innovative Thinking
- Industrial Automation
- Business Innovation and Start Up
- Market Intelligence
- Infrastructure Management
- Business Innovation and Start Up
- Project ideas to support 'Make in India' initiatives

Track 4 – Innovative Business Process

- Intelligent Urbanization and Settlements
- Green Energy
- Green economy
- Policy perspective on Sustainability
- Green Energy and Hybrid Electric Vehicles
- Emission Control Design
- Intelligent Transport Systems
- Green Energy in Transport
- Factory Management
- Industry 4.0 for MSM
- Sustainable Analysis Design
- Smart cities construction 4.0

Track 5 – Recent Trends in Civil, Mechanical and Automobile Engineering

- Optimization Applications
- Automation, Mechatronics and Robotics
- Remote Sensing, Geographical Information System (GIS) and Global Positioning System (GPS)
- Artificial Intelligence
- Production, planning and control
- Modeling, Analysis and Simulation
- Seismology and earthquake resistant design
- Water Resources Engineering
- Geotechnical Engineering
- Climate Change and Disaster Management

Note: The topics are not limited and can be extended in the given tracks.
The paper must be conforming to IEEE double column paper format.

About SCOE

Saraswati College of Engineering is a leading Engineering Institute, Established in the year 2004 by Hon. Prithviraji Deshmukh and Mrs. Vrushali Deshmukh. The college is Approved by AICTE, New Delhi and affiliated to University of Mumbai, India.

Objective of the Conference

ICAICT is a premier International Conference being organized on 7th May 2021 at Kharghar, Navi Mumbai, India. Emergence of various technologies in the modern time has become inevitable. We have to be competent enough to compete with the present and the future global market which is dynamic in nature and as touched high scales of excellence. Hence, a conference on ICAICT 2021 will result in an improved awareness about the implications of the rise of new digital industrial technology, known as ICAICT 2021. The conference also aims at encouraging the faculty for engaging in more and more research in particular and creating an environment promoting research in every field of ICAICT 2021.

Registration Fees

Dr. Dinesh Yadav, Joint Secretary, IEEE Rajasthan Subsection, Manipal University Jaipur.

We welcome submissions in the following areas:

Track 1 - Artificial Intelligence & Intelligent Machining

- Deep Learning
- Neural Networks
- Expert Systems
- Agents and Multi-Agent Systems
- Natural Language Processing
- Data Mining
- Support Vector Machines
- Ambient Intelligence
- Sentimental Analysis
- Human Computer Interaction
- Medical Diagnosis
- Augmented Reality
- Virtual Reality
- Geographic Information

Track 2 - Cloud Computing & Big Data Analysis

- Quantum Computing
- Cloud Computing
- Grid Computing
- Internet of Things (IoT)
- Data Analytics
- Big Data

Track 3 - Communication Networks & Cyber Security

- Cyber Security
- Wireless/ Mobile Communication
- 3G/4G/5G Network Evolutions
- Sensing and Sensor Networks
- Open Spectrum Solutions
- Cognitive Radio
- Mobile Apps

Track 4 - E-Learning

- E-Learning Tools
- Educational Systems Design
- Delivery Systems and Environment
- E-Learning Organisational Issues
- Cognitive Radio
- Mobile Apps

Track 5 - Biotechnology and Healthcare System

- AI in Medical Field & Dental
- Block Chain for Healthcare
- Internet of Medical Things (IoMT)
- Predictive Analysis
- Drug Management
- Smart Biosciences
- Medical Robots
- Medical Robots

Note: The topics are not limited and can be extended in the given tracks. The paper must be conforming to IEEE double column paper format.

About SCOE

Saraswati College of Engineering is a leading Engineering Institute. Established in the year 2004 by Hon. Pritviraj Deshmukh and Mrs. Vrushali Deshmukh. The college is Approved by AICTE, New Delhi and affiliated to University of Mumbai, India. The college campus is beautifully landscaped in a lush green stretch of land spread across Kharghar Hills. SCOE offers UG Engineering Courses in Civil, Mechanical, Electronics & Telecommunication, Computer, Automobile and Information Technology. SCOE also offers PG courses in Civil, Mechanical, Electronics & Telecommunication and Computer Engineering. SCOE is established with a purpose of imparting state of art technical education to aspiring engineers of 21st Century. Efforts are taken by enhancing the employability & skills of students to bridge gap between Industry & Institute.

Objective of the Conference

GMADMT -2018 is a premier International Conference being organized by SCOE during 11th -12th Jan 2018 at Kharghar, Navi Mumbai (M.S.) India. Emergence of various technologies in the modern times has become inevitable. We have to be competent enough to compete with the present and the future global market which is dynamic in nature and as touched high scales of excellence. Hence, a meet on Advances in Design, Materials & Thermal Engineering will result in an improved awareness about the implications of every emerging technology. The meet will be focusing on all the latest concepts in the field of Design, Materials & Thermal Engineering. GMADMT-2018 is a true testimony of the fact that every emerging technology today will give way to a better tomorrow. The meet will provide an exceptional platform to the researchers to meet and discuss the practical methods of solving intriguing problems with people who are actively involved in these fields. The meet also aims at encouraging the faculty for engaging in more and more research in particular and creating an environment promoting research in every field of academics.

Paper Submission Guidelines

Academicians and Research scholars are invited to submit research papers on the tracks mentioned. All abstracts will be reviewed by Scientific Review Committee to avoid plagiarism. The paper must be written in English limited to a maximum of 6 pages and must conform to IEEE double column paper format.

Selected quality papers will be published in International Journals.

Welcomer submissions in the following areas:

- Alternative Fuels
- Advances in Material Science and Technology
- Application of Artificial Intelligence
- Application of differential equations in operational research
- Automotive Noise, Vibration And Harshness (NVH)
- Crash Analysis
- Electric vehicles and sustainable transportation
- Green Manufacturing
- Micro Electro Mechanical Systems
- Process Equipment Design And Tribology
- Product Development and strategies
- Rapid Prototyping
- Six Sigma & Knowledge Management
- Special Function in Engineering and Technology
- Sustainable materials & resources
- Thermo Power And Fluids

Registration Fees

CATEGORY	INDIAN DELEGATES	FOREIGN DELEGATES
Students/ Research Scholars	Rs. 2,500/-	\$ 60
Academician	Rs. 3,000/-	\$ 75
Delegates from Industry	Rs. 5,000/-	\$ 110

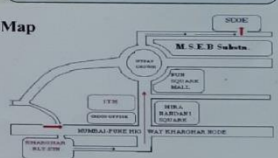

Important Dates

Submission of Full Paper	December 9 th , 2017
Notification of Acceptance	December 15 th , 2017
Last Date of Registration	December 26 th , 2017

Submission should be made via Easy Chair

About SCOE

Saraswati College of Engineering is a leading Engineering Institute. Established in the year 2004 by Hon. Prithviraj Deshmukh and Mrs. Vrushali Deshmukh. The college is Approved by AICTE, New Delhi and affiliated to University of Mumbai, India. The college campus is beautifully landscaped in a lush green stretch of land spread across Kharghar Hills. SCOE offers UG Engineering Courses in Civil, Mechanical, Electronics & Telecommunication, Computer, Automobile and Information Technology. SCOE also offers PG courses in Civil, Mechanical, Electronics & Telecommunication and Computer Engineering. SCOE is established with a purpose of imparting state of art technical education to aspiring engineers of 21st Century. Efforts are taken by enhancing the employability & skills of students to bridge gap between Industry & Institute.

Objective of the Conference

NCSMWM-2019 is a premier National Conference being organized by SCOE on 16th April 2019 at Kharghar, Navi Mumbai (M.S.) India. Emergence of various technologies in the modern time has become inevitable. We have to be competent enough to compete with the present and the future global market which is dynamic in nature and as touched high scales of excellence. Hence, a conference on Sustainable Manufacturing and Waste Management will result in an improved awareness about the implications of every emerging technology. The conference will be focusing on all the latest concepts in the field of Sustainable Manufacturing and Waste Management. NCSMWM-2019 is a true testimony of the fact that every emerging technology today will give way to a better tomorrow. The conference will provide an exceptional platform to the researchers to meet and discuss the practical methods of solving intriguing problems with people who are actively involved in these fields. The conference also aims at encouraging the faculty for engaging in more and more research in particular and creating an environment promoting research in every field of academics.

Paper Submission Guidelines

Academics and Research scholars are invited to submit research papers in the tracks mentioned. All abstracts will be reviewed by Scientific Review Committee to avoid plagiarism. The paper must be written in English limited to a maximum of 6 pages and must conform to IEEE double column paper format.

Selected quality papers will be published in International Journals

We welcome submissions in the following areas:

- Advance Manufacturing
- Application of Artificial Intelligence
- Material Characterization
- Nano Composites
- Modelling and Simulation
- Rapid Prototyping
- Renewable Energy
- Thermal System Design

Registration Fees

Category	Fees
Students/Research Scholars	Rs. 500/-
Academician	Rs. 500/-
Delegates from Industry	Rs. 1,000/-

Submission should be made via Easy Chair

<p>About SCOE</p> <p>Saraswati College of Engineering is a leading Engineering Institute, established in the year of 2004 by Hon. Prithviraj Deshmukh and Smt. Vrushali Deshmukh. The college is approved by AICTE, New Delhi and affiliated to University of Mumbai, India. The college offers undergraduate and postgraduate programs in various disciplines of engineering. The education system is holistic with equal importance being attached to all-round development of the students. The college strongly believes in channelizing the productive endeavors of students and staff towards research and innovation to create and share knowledge in a global context.</p> <p>Objective of Conference</p> <ul style="list-style-type: none"> ICETCC provides the platform to discuss the latest developments in the field of new technologies applied to Education and Research, Educational Projects and Innovations. The objective of the conference is to create a platform for dissemination of scientific knowledge among the scientists, researchers, academicians, industrialists and students in the field of computing. ICETCC would endeavor to provide and facilitate exchange of ideas about current status, future demands and implications of various emerging technologies. <p>Paper Submission Guidelines</p> <p>Academicians and Research Scholars are invited to submit research papers on the tracks mentioned. All papers will be reviewed by scientific review committee and will be strictly checked to avoid plagiarism. The paper must be written in English limited to a maximum of 6 pages including references and must confirm to IEEE double column paper format.
