**From HOD's Desk:**

Greeting from the Department of Computer science in Artificial Intelligence and Machine learning. The dept is established in the year 2020-2021 with the intake capacity of 60 seats. We Serve an undergraduate program B.E. in CSE- Artificial Intelligence and Machine learning which imparting knowledge in the two emerging thrust areas Artificial Intelligence (AI) and Machine learning (ML).

**HOD CSE-AIML**

This is an interdisciplinary branch of science, engineering and technology creating a complete system and a pattern shift in almost every sector of the technical industry, academics and research.

Machine Learning (ML) is the subset of AI, makes computers thinks and act like humans and Deep Learning is the subset of ML, allows machines to think and make decisions like humans. The Department aims at grooming students into global professionals and hence every student is provided the opportunity to learn and understand cutting edge technologies that have emerged in the recent past. The dept works with the objective of addressing critical challenges faced by industry and society.
