Student Grievance Redressal Committee

STUDENTS GRIEVANCE REDRESSAL POLICY

The college has established a Students' Grievance Redressal Committee, tasked with addressing student complaints and assessing their validity. Additionally, this committee is authorized to address issues related to harassment. Students with legitimate grievances can either personally approach committee members or submit their complaints in writing. Alternatively, grievances can be emailed to the designated officer in charge of the Students' Grievance Redressal Committee or to the Principal.

Objective

The objectives of the Students' Grievance Redressal Committee are to address student complaints effectively, ensure fairness in resolving grievances, provide a platform for students to voice their concerns, uphold a supportive and respectful learning environment, and take appropriate actions to address instances of harassment or injustice within the college community.

A Grievance Redressal Committee has been constituted for the redressal of the problems reported by the Students of the College with the following objectives:

- Ensuring a harmonious atmosphere within the college community is paramount to upholding the institution's dignity. This involves fostering positive relationships among students and between students and teachers.
- Students are encouraged to openly express their grievances or concerns without fear of reprisal. To facilitate this, suggestion/complaint boxes are positioned in front of the Administrative Block, allowing students to anonymously submit written grievances and suggestions for academic or administrative improvements.
- Additionally, students are advised to treat each other with respect, exercising patience and restraint in times of conflict. They are also urged to refrain from instigating discord among peers, faculty, or the college administration.
- Faculty members are reminded to interact with students in a caring manner, avoiding any behavior that may be perceived as retaliatory.
- Furthermore, all forms of ragging, whether within or outside the institution, are strictly prohibited. Any instances of ragging or breaches of disciplinary regulations should be promptly reported to the Principal.
