DEPARTMENT OF CIVIL ENGINEERING
Action taken based on feedback from students
Academic year 2023 - 2024 (III SEM)

Action Taken:

Based on suggestions, various actions are taken. Details of events organized at Institutional and Department level for betterment of student's career are mentioned below.

Sr. No.	Feedback / Suggestions	Actions Taken	Date
1	Practice sessions for some topics of EM III are required	More assignments and tutorial classes on selected topics of EM III (Civil Engineering related application level problems) are discussed and practice session were arranged.	As required
2	Need expert lecture for up skilling courses in new Technologies	Seminars related to latest engineering topics conducted pertaining to respective subjects.	12/09/2023 12/10/2023
3	Require more practice sessions for difficult subjects.	Additional classes with hands on practice has been arranged.	23/10/2023- 9/11/2023
4	Require industry and field exposure for better understanding.	Various construction activities have explained showing Videos during class hours and site visits were arranged	As required

Summary of feedback (Semester 3):

All students of Semester III had given feedbacks for all the subjects which were collected through course exit forms. Those feedbacks were analysed and necessary actions were planned for effective teaching. Some suggestions obtained from the students are as follows.

- More assignments to be given and solved in tutorial classes on selected topics of EM III.
- Need expert lecture for up skilling courses in new Technologies
- Need additional practice sessions for subjects which is difficult.
- Require industry and field exposure for better understanding of application of various civil engineering.

DEPARTMENT OF CIVIL ENGINEERING

Action taken based on feedback from students

Academic year 2023 - 2024 (V SEM)

Action Taken:

Based on student feedbacks, various actions are taken. Details of events organized at Institutional and Department level for betterment of student's career are mentioned below.

Sr. No.	Feedback / Suggestions	Actions Taken	Date
1	Arrange seminar/ workshop on skill development / entrepreneurship	Guest lecture arranged on skills required / Importance of Entrepreneurship/various career options were conducted	Organized by CESATPO 12/09/2023 & 12/10/2023 by Ultratech
2	Modern techniques and modern equipments used in the construction should be included in the syllabus.	Lecture conducted on green building construction using sustainable Technologies were given. Expert lecture on step forward for net zero and decarbonisation of India-2050 @ Godrej, Vikhroli campus	14/10/2023 Green building week has been celebrated from 11-15 th September 2023
3	There should be more lecture and site visits for better understanding of patent drafting and filing	A webinar organised on Basics of patent drafting and filing by Aksh IP Associates, Noida, UP Traffic volume study conducted	02/09/2023 13/10/2023

Summary of feedback (Semester 5):

All students of Semester four had given feedbacks for all the subjects which were collected through course exit forms. Those feedbacks were analysed and necessary actions were planned for effective teaching. Some suggestions obtained from the students are as follows.

- Organise seminar/ workshop on topics other than mentioned in curriculum
- Modern techniques and modern equipments in the construction activities should be included in the syllabus.
- Require more exposure to various tools used in Civil Engineering to enhance / inculcate research
- There should be more practical and site visits than theoretical knowledge for better understanding of of sustainable construction activities.

DEPARTMENT OF CIVIL ENGINEERING
Action taken based on feedback from students
Academic year 2023 - 2024 (VII SEM)

Action Taken:

Based on suggestions, various actions are taken. Details of events organized at Institutional and Department level for betterment of student's career are mentioned below.

Sr. No.	Feedback / Suggestions	Actions Taken	Date
1	Revision lectures required for some topics of analysis and design of various elements of the reinforced concrete structures	Extra classes were taken for design of beams, slabs and columns	As required
2	Need more practice for GATE and other aptitude tests	Arranged additional classes for GATE and other aptitude tests for advanced learners	As required
3.	Require more expert lecture to understand the various development in construction	Organised lectures with experts from Ultratech	Lecture on 12/09/2023 & 12/10/2023
4	Require more co curricular activities in Civil Engineering	lectures has been arranged to understand the career opportunities in civil engineering and enterprenurship Site visits to understand fabrication and erection of Lattice tower Visited Lechate treatment plant @Turbine STP	16/10/2023 20/10/2023

Summary of feedback (Semester 7):

Feedbacks of students were collected through course exit forms. These feedbacks were analysed and some actions were taken for solving the issues raised by students in their course exit forms. Some suggestions obtained from the students are as follows

- Revision of lectures required for some topics of analysis and design of various elements of the reinforced concrete structures
- Need more practice for GATE and other aptitude tests
- Require more expert lecture to understand the various civil engineering activities.
- Require more co curricular activities in Civil Engineering
