|            | 2020 - 2021  |                      |                                |
| 1.         | Mr. & Ms. Civilian<br>The members of CESA 2021 have always been concerned about the health<br>of students both mentally and physically. Considering this a couple of<br>amazing events were organised for our students by CESA on 20th and 21st<br>march. The Quiz competition and The Fitness round.<br>Prajakta Parab was the Chief guest for both the events, she has been<br>availed with the meet stylich event has been  | Ms.Prajakta<br>Parab | 21/03/2021<br>to<br>25/03/2021 |
|            | awarded with the most stylish award by LOKMAT in 2019.<br>The questions in the Quiz competition were asked by, Ms.Prajakta Parab 1st<br>shift HOD Roshni John, Priyanka Rajput & Yugandhara Kasture.<br>Here are the winners of the Quiz competition,<br>Boys<br>1. Swarup bhagat<br>2. Prashant chavan<br>3. Abdul khan<br>4. Sankalp mhatre<br>5. Manoj shingade<br>6. Omkar badgeri<br>7. Yeshwanth<br>8. Saurabh jain<br>9. Pratham todankar<br>10 prathamesh chaturvedi |                      |                                |
|            | Girls<br>1. Anuja deokar<br>2. Vrushali salokhe<br>3. Shruti bhende<br>4. Soniya wankhede<br>5. Apurva sawant<br>6. Anchal bari<br>7. Lata nigale<br>8. Siddhi khanvilkar<br>9. Mansi dhotre<br>10. Aditi jadhav<br>To begin with the Second event i.e. the fitness round.<br>1.) There will be three tasks and elimination will be done after each task<br>according to the performance of the participants.<br>2.) Squats3.) Burpees4.) Dips/push-ups- 2 mins              |                      |                                |
|            | The winners of Fitness round were;<br>1) Swaroop Bhagat<br>2) Abdul Khan<br>3) Sankalp Mhatre<br>4) Manoj Shingade   |                      |                                |

|    | Elected as Joint Secretary, IWWA at National Level for period from April 2019 to March 2021.  |                                 |            |
|----|---|---------------------------------|------------|
|    | Accompanying him as the judge, Prof. Harshal Deshpande, Prof. Asmita lakhote & prof. Hemant. Also the CESA coordinator for IWWA were present with the 1st and 2nd Shift HOD.  |                                 |            |
|    | In total 17 colleges had taken part in this competition and the rules for the competition were simple, each team got 3-5 times of time for themselves to talk about the respective topic. The competition was a real brain teaser for all the participants but yet everyone enjoy throughly. After the event ended, the name of the winners were announced by the 3 judges from Saraswati College of engineering, |                                 |            |
|    | The results after taking average scores from all the 3 judges<br>1st - Borate Himanshu; announced by Prof. Hemant<br>Tie for second place; announced by Prof. Asmita lakhote  |                                 |            |
|    | 2nd - Sawant Apurva<br>2nd - Shaikh Madiha<br>3 rd - Shaikh Zoya; announced by Prof. Harshal Deshpande.   |                                 |            |
|    | After the winners were announced, the certificates and prize distribution was taken place and winners were awarded with certificates of appreciation and the participants were awarded with certificates of participation.  |                                 |            |
| 2  | Webinar: 'Civil Engineering & Infrastructure  | Key Speaker:                    | 22/03/2021 |
| 3. | <b>Development</b><br>The Civil engineering students association (CESA) of Saraswati College of<br>Engineering, Kharghar, Navi Mumbai organized a webinar on;<br>'Civil Engineering & Infrastructure Development.' As we all are aware that   | Dr.<br>Ajaykumar R.<br>Kambekar |            |
|    | civil engineers are responsible for the growth, development and<br>advancement of<br>Mega-structres and different types of civil works, hence this webinar shed a<br>light on this important topic to guide the upcoming, next generation civil<br>engineers.   |                                 |            |
|    | advancement of<br>Mega-structres and different types of civil works, hence this webinar shed a<br>light on this important topic to guide the upcoming, next generation civil  |                                 |            |
|    | advancement of<br>Mega-structres and different types of civil works, hence this webinar shed a<br>light on this important topic to guide the upcoming, next generation civil<br>engineers.  |                                 |            |

|    | it was also casted over YouTube(live). The Technical team arranged the   |               |              |
|----|--|---------------|--------------|
|    | entire webinar online and helped this event to achieve the success.  |               |              |
|    |  |               |              |
|    | Dr. Ajaykumar R. Kambekar began the webinar by introducing what the  |               |              |
|    | development in civil engineering and infrastructure means and then moved   |               |              |
|    | onto the solid and water waste management, how infrastructure is the key   |               |              |
|    | development to the upliftment of our society and other other country.  |               |              |
|    | The webinar covered a lot of interesting and important topics:   |               |              |
|    | 1.Solid and water waste management   |               |              |
|    | 2.Infrastructure as the key role in development of the country   |               |              |
|    | 3.Impact of infrastructure in the development of the country   |               |              |
|    | 4.Indian market overview   |               |              |
|    | 5.Construction industrial potential  |               |              |
|    | 6.Infrastructure in Railways, Airways and Pipelines  |               |              |
|    | 7.Role of civil engineers in infrastructure development  |               |              |
|    | 8.Smart City features  |               |              |
|    | 9.Population vs GDP  |               |              |
|    | 10.Ports in India  |               |              |
|    | 11.Speed breakers of time/cost overrun of projects   |               |              |
|    | 12.Key infrastructure signpost critical for demand standpoint  |               |              |
|    | 13.Growth and progression of NHAI construction   |               |              |
|    | 14.Summary of projects under sagarmala   |               |              |
|    | 15.Recent development and conclusion.  |               |              |
|    |  |               |              |
|    | As all the key points were splendidly covered by Dr. Ajaykumar R.  |               |              |
|    | Kambekar, the webinar was followed for the vote of thanks, the HOD of 2nd  |               |              |
|    | shift, Prof. Pooja Somani stepped up and delightful concluded the webinar.   |               |              |
|    |  |               |              |
|    |  |               | 45 (00 (000) |
| 4. | IEEE Paper Writing Webinar   | by Prof.      | 15/03/2021   |
|    | The student of CESA organised a webinar regarding the method or the  | Hemant Sarje. |              |
|    | procedure of how to write a technical paper in IEEE format.  |               |              |
|    |  |               |              |
|    | The event was guided from the beginning to the end by Prof. Hemant Sarje.  |               |              |
| 1  |  |               |              |
|    | As we know that The purpose of a conference template is to provide a   |               |              |
|    | consistent format for papers appearing in the conference proceedings. IEEE   |               |              |

|----|---|------|------------|
| 9. | <b>Teacher's Day</b><br>On 5th of September, 2020 Civil Engineering Students Association (CESA),<br>organized an event on the blissful occasion of Teacher's day. The entire<br>faculty and staff members of Civil department (Shift I and II) were present<br>which made the event cherishable. CESA organized games and small events<br>to maintain the flow and the energy of the event. Since all the committee<br>members and the respective heads were elected online this year, the<br>interaction between them was minimum and the past work experience was<br>needed to be polished, yet they all coordinated very well to bring this event<br>up. | CESA | 05/09/2020 |
|    | Keeping our culture and tradition in mind, the event was inaugurated by the<br>President of CESA by delivering a short phrase of Guru mantra. The games<br>were then carried out and all the faculty members participated and enjoyed<br>their time in the best way they could. With the students, even the faculty<br>showed their talent in these mini games. Some of the professors made the<br>afternoon euphonious with their sweet voice and won everyone's hearts.   |      |            |
|    | Due to the pandemic crises, the event was executed on the zoom application. The entire event was streamed on YouTube, so that each and every student of the department could watch it and show their support and love towards our faculty. The presence of Ex-CESA members, Ex-Core committee was valuable. The event was supposed to be live for 2 hours but everyone was so lost in enjoying those hours that it was extended by half an hour.  |      |            |
|    | A total of 6 core committee meetings were held and each committee took<br>an initiative for setting up this event for our lovely faculty. Each committee<br>held a meeting separately to come up with different ideas as for to make<br>the event as memorable as they could. This event gave a platform for many<br>young students to join the committee and show their talent.  |      |            |
